

FJMCAA REPORT- Spring 2018

Shagufta Jabeen, MD- President, FJMC Alumni Association

I am pleased to report that the FJMC ALUMNI ASSOCIATION has been following the aims, mission and objectives as set forth by the Association.

As in previous years, an effort has been made this year to strengthen FJMC Alumni by recruiting new members and increasing our endowment funds, which in turn, enable us to fulfill our commitment to provide scholarship funds for needy students at Fatima Jinnah Medical University, support FJOG (Hepatitis C clinics and other community projects), as well as various other endeavors.

Our activities this year:

- Throughout the year, teleconferences took place with the objective of achieving goals, objectives and planning for the future.
- Messages were sent out by e-mails through our Yahoo group, WhatsApp and Facebook page for donations and requesting enrolment for membership.
- We had a very successful Alumni dinner during summer meeting. The number of attendee and donations were more than what was expected from previous years. In summer meeting, Dr. Shagufta presented the president's report with special emphasis on recognition and acknowledgement of services from several past Alumni presidents. She endorsed continued improvement of our website fjmcna.com which undergoes periodic updates; She projected an ongoing improvement and maintenance of this website by Mr. Nicholas, who has been handling it with lot of passion. She asked for suggestions from the attendee to improve website, increase membership and requested Alumni members to open their heart for donations. Dr. Shagufta highlighted the current charitable causes, need for finding more projects for donations and future direction of Alumni.
- Continue to maintain (501) c3 status for FJMC Alumni association.
- We continue to support, an e-Library which was established at FJMC in 2009 by FJMC Alumni with the help of SWRDC to fulfill our goal of extending education and knowledge to 600 undergraduate students, 25 post graduates and 50 faculty members.
- The Supreme Court has given a decision in favor of upgrading Fatima Jinnah Medical College to a University status. We are excited and honored to be alumni of this great institution and are looking forward to strengthening our bond further with our Alma Mater.
- Our other major objectives are to continue increasing the endowment funds and contributing to APPNA scholarship funds which we started in 2014 with \$ 20,000 donation. We will be adding \$4000 this year. We have been directly contributing and supporting our Fatima Jinnah Medical University's needy students every year. We have contributed 10,000 \$ for year 2018. We have supported the WAPNA, SWDR and Rise for Equality by donations as much as our funds allowed us. This year we have also set aside some money to add to our endowment account.
- I take pride to share that last year we honored Dr. Shahnaz Khan for her incredible and continued commitment in the project of Rise for equality. Dr. Shahnaz Khan was our guest speaker who did an amazing job addressing the attendee of the summer meeting.
- We had door prizes and small table gifts for all the participants and this was well taken by the attendee.

As the president of FJMCAA for 2017 and 2018, I along with the executive team will work sincerely and diligently to create and contribute to projects that support our alumni organization's core values. However, neither our prior accomplishment nor our future projects are possible without our member's involvement. Our hope is to leverage our individual successes and use FJMCAA as a platform to launch larger philanthropic endeavors.
