

GA Appna has 122 members proudly serving state of Georgia with their expertise and is the integral part of medical community in the state of Georgia.

Other important tasks include:

- 1 Working with local legislators, house representatives and other Government officials to convey the concerns of Pakistani medical community.
2. Collaboration with UNICEF in many national and international projects.
3. Polio eradication program in Pakistan in collaboration with CDC.
4. Running successfully the Clarkston community health center providing free primary care evaluation and screening of indigent population. Also run free dispensary in the same facility.
- 5 Improving the education system in Pakistan with the Citizens Foundation and establishing Ga school project for poor children in Pakistan in inner cities and villages.
6. Active role in College Scholarship fund under the umbrella of Appna.
7. Conduct regular business meeting after yearly election, selection of new executive committee and planning of social, cultural and educational activities.

Thanks.

Dr. Syed Ali.

Gen Secretary Ga Appna.
