

Membership Committee report

Spring Meeting 2018

This committee has approved following proposal in their last 3 meetings

- LTM dues to be paid in installments.

- Lower the annual membership fee to 80.00. This will bring the lifetime membership fee to 1200 dollars (80x 15). Allow members to pay the lifetime membership in 3 or 6 installments in 2018 calendar year. In this way we do not have to through making changes in the constitution and will encourage our Pakistani graduates who are sitting on sidelines to join the main stream APPNA

- To at least expand the category of Associate membership to those Graduates of Medical colleges from Pakistan who are permanent residents or citizens of USA and reside in USA, but do not have license or are not able to fulfill all the stringent requirements of being eligible for active member.

This committee is still discussing a query forwarded by the President "May a Lifetime Member's standing be removed by a later challenge?"

Future agenda

- To discuss 2009 Membership committee recommendations regarding APPNA membership.

M. Yaseen Abubaker

Chair, Membership committee
