SUBJECT: APPNA NORTH TEXAS CHAPTER ACTIVITY REPORT FOR FALL

Dear Jennifer,

Here is the activity report for the APPNA North Texas Chapter for fall of 2018. We are having a very busy year as APPNA Summer meeting was held in Dallas this July. Our membership was busy in planning and executing the summer meeting which was a huge success thanks to hard work and dedication from our members.

We held our general body meeting on September 30 and was able to pass few amendments in our bylaws. We are planning to have elections later this year for the entire EC. Election nomination committee is working to make this happen. Our membership has grown significantly in last few years and we are working to bring them in the fold of local chapter.

Overall this has been a successful year and I am looking forward for continued growth as more physician move in to our area.

Feel free to contact me if you have any questions.

Sincerely,

Mohammad Amir M.D.
President APPNA North Texas Chapter
