

National Healthcare Day 2018

APPNA has consistently served its communities throughout United States of America and Canada for over 40 years. APPNA National Health Care Day is one the great examples to arrange such an event in 29 locations across North America this year. Chapters and APPNA executive committee is in full support. APPNA President 2018, Dr. Iqbal Zafar Hamid is personally involved in success of this event on October 13, 2018.

Ehtsham Haq, MD
Chair, APPNA National Health Care Day 2018

APPNA Membership in the leadership of chapter presidents and support from APPNA executive committees, arranged nationwide National Health Care Day 2018 on Saturday, October 13, 2018.

Free Flu shots, screenings, biometrics, blood drive, physician consultations were provided nationwide around 30 locations serving and giving back to the communities.

Year after year this is one of the most well respected project by all APPNA presidents, executive committees, local and regional APPNA leadership nationwide.

APPNA has a key role letting our communities know that Pakistani American Physicians are part of these communities and who believe in serving them just like any other welfare organization.

APPNA has a lot of ambitious agenda every year and NHCD is one of those areas where we can take pride to be good citizens.

Ehtsham Haq, MD
Chair NHCD 2018
