

DURDANA GILANI, M.D., F.A.A.F.P

PERSONAL STATEMENT

Throughout my professional and volunteer commitments, including those for APPNA and KEMCAANA, I have strived to lead with the philosophy and principals of inclusivity. Over the course of three decades of active involvement in APPNA, I have served at every level of the organization from foot soldier to President of the Association. The membership is owed a member on the board that has a sense of personal service and the institutional memory to further and unite the goals of the organization at every level. Therefore, I humbly request your consideration as an ombudsman for our organization.
