

Board of trustees is a very important and delicate job keeping the balance between all matters from different views and keeping it fair. My back ground as president of my alumni and Georgia chapter along with my services as treasurer and secretary of APPNA puts me in a place to know how the organization works and how to do things in the right manner. Those who know me and most of you know me as a person who say things which I believe and who never tried to be politically correct.

I don't think I need to elaborate any more all the contestants in this race are good and qualified people and as there is no campaigning allowed you will never get a call from me to vote and if you think you want a person who does not represent a certain king maker groups and who is here on his own to represent you the APPNA member consider my qualifications.

Leadership, integrity and honesty is what I offer, its your call to decide
