

DR. HYDER ALAM

As a proud lifelong member of APPNA, attending the convention consecutively for the past 10 years, I am excited by the opportunity to join the Board of Trustees. As an attendee outside the bureaucratic confines, I've experienced APPNA through a unique lens of both admiration and at times frustration. This very frustration and my love of the organization has willed me to bring a stunningly new perspective to the Board of Trustees.

Our future at APPNA is a bright one with me on the Board of Trustees. As I am geographically located next to our

neighbors in the north, so I'll continue to bridge the gap with Canada and recruit more distinguished physicians to join APPNA. My keen sensibility and outsider point-of-view will hold our internal board responsible for the choices and actions that affect all of our members.

A grand vision without considering the future of APPNA is a failed one, therefore it will be my utmost priority to engage with our APPNA Youth and foster new relationships with the young Pakistani physicians in our communities. I am a proud father to four beautiful children who continue to keep me plugged in to youth culture and, with a son who is currently in residency, updated with academic medicine.

I am thrilled at the potential to be a part of the new Board of Trustees and trust your confidence in my ability to bring positive change to APPNA.
