FOR APPNA BOARD OF TRUSTEES 2018

SERVICE WITH INTEGRITY, HONESTY & UNITY

It has been a great honor & distinct pleasure to serve & be associated with APPNA for over twenty years. I am truly humbled by the genuine wishes of most of you for me to run for APPNA BOT & it was very hard for me to disregard your wishes. Moreover, it's the time our combined efforts take APPNA to newer heights of better governance and transparency.

My journey with APPNA has been a great honor & a sweet memory.

I had the distinct honor of serving you as your APPNA President in 2011. Most of you know me very closely & personally. Coming from one of the smallest Alumni in APPNA, it was indeed a testament that APPNA membership believes in candidates with service, humility, vision and sense of responsibility. It is the same spirit that excites me to present myself as a candidate for the Board of Trustee from Midwest Region of APPNA.
