### **Personal Statement.**

I am involved with APPNA for about 25 Years and am Lifetime Member since 1994. I had the opportunity to work in different capacities as President , Secretary and Treasurer of my Alumnus. I chaired different committees of APPNA and served in lot other as a member. I interacted with great leaders of APPNA in this long journey. I had the pleasure of meeting with Great volunteers of APPNA who put their heart and soul in improving the workings of our beloved Organization. I have had honor of working with selfless workers in APPNA Free Clinics , Fundraisers for HDF , PakPac and other Charity endeavors of APPNA here in USA and for Pakistan.

All these experiences have given me a clear picture of workings of APPNA. And I have a sense of where things need to be and can be fixed for a better organizational framework.

With this background, I believe I can contribute to improve and streamline the workings of APPNA Board of Trustee with other entities including Executive Council, Alumni and Standing Committees.
