

M. Rizwan Khalid
M.D., F.A.C.P., F.A.C.C., F.S.C.A.I., F.H.R.S.
Candidate for
APPNA President-Elect 2020

Principled | Professional | Trustworthy | True Voice for Change

Associate Professor of Cardiology, KCUMB, Missouri
Interventional Cardiology and Cardiac Electrophysiology, Kansas
Government College, Lahore – Class of 1994 | The Aga Khan University, Karachi –
Class of 1999

I stand for CHANGE

I stand for UNITY AND RECONCILIATION

I stand for ending all lawsuits on APPNA

I stand for bringing a young and dynamic leadership to APPNA

I stand against the status quo, which has held us back for years

I believe in representing all APPNA members from all over Pakistan and North America

I believe in transcending all boundaries of ethnicity, religion, provincialism, alumni and group politics

I have the desire to bring APPNA out of the disillusionment which has emerged in the last few years. I have pleaded for reconciliation. I will urge general membership of APPNA to please use the power of your vote to bring leadership that resolve to take APPNA out of this horrible situation. I present myself as an independent candidate who will only and only think about the organization's interest first and foremost.

I have a rich experience at every level in APPNA and have done work that matters. I have personally mentored directly or indirectly over seven hundred young physicians from every medical college in Pakistan and I have conducted dozens of mentorship seminars all over the US. I was part of the core team that worked intensely during the earthquake in Pakistan in 2005 until the rehabilitation process. I am still part of numerous philanthropic projects in Karachi, Lahore and Peshawar. I have been an active member of the Advocacy committee and the Research, Education and Scientific Affairs committee.

I believe that together we can change the destiny of APPNA and take it to its true potential; let us make this dream a reality. Let us create a bright and prosperous future for APPNA. We can and we will, Insha'Allah.

As President, APPNA, my AIMS will be:

- To work on making APPNA truly a professional organization.
- Make decisions on merit and merit alone.
- To improve the academic footprint of APPNA and emphasize on better educational programs for our membership including board review courses.
- To attract young leaders into APPNA including parallel programs for North American medical graduates.
- Further community involvement projects in the United States.
- Empowering the Treasurer, Secretary, President-elect and Regional Chapters (Devolution of power).
- Guaranteeing Continuity of policies from one year to the next and improved governance.
- Strong voice in the Executive committee for Young Physicians, Social Welfare and Disaster Relief in the US and Pakistan, Research and Education and Advocacy for Pakistani Americans and Pakistani Physicians.
- Early Career Attendings: To develop programs and guidance for early career attendings (less than 15years in practice), who now constitute a significant part of Pakistani Physicians in the United States.
- Enhancing Telemedicine portal for providing free medical treatment to patients across Pakistan by APPNA members.

Accomplishments as APPNA Secretary 2017:

- Strong and Successful Advocacy for J1 visa denials.
- Continued/frequent Grand rounds and Hands on Training in Pakistan.
- Career Counseling and Mentorship seminars in Pakistan/USA.
- Planned, arranged and participated in Day on the Hill, Washington DC (May 2017).
- Productive Strategic Retreat in Orlando (January 2017), Spring Council Meeting in Philadelphia (March 2017), Summer Council and General Body Meeting in Orlando (July 2017), Fall Council Meeting in Cincinnati.
- Full support for APPNA MERIT, National Healthcare day and Food Pantry Project.
- Continued archiving of meetings on our website and encouraged use of online meeting portals.

Other Leadership Roles in APPNA:

- President, AKU Alumni Association of North America
- President, Physician in Training Section, APPNA
